Continuation of Substance of Interview including description of the general nature of what was agreed to if an agreement was reached, or any other comments: This Interview Summary is to update the progress of the case. The examiner conveyed the position that is : a) the initiating execution of the data flow program is inherent, a) every system has the execution of the debugging command on the data flow program, c) the data read and data write identifiers for the code segments associated with respective nodes are just read and write instructions, d) every system has dependencies. The applicant was suggested that claim 20 might have been subjected to quality review, and the withdrawal from issue was discussed. In response, the counselor will talk to the applicant, and will give a response back to examiner.
